

How to set your link preferences in Google Scholar

When viewing search results in Google Scholar, **Find it at IESE Library** links can be displayed that link to IESE Library appropriate full text ejournal holdings.

If you are on campus, you should automatically see a text link next to most results.

If you are off-Campus you will have to set your link preferences in Google Scholar. To do this:

- Go to the initial Google Scholar search screen (<http://scholar.google.es>)
- Click on the Scholar preferences link by the search box.
- Follow the instructions under 'library links' and search for IESE Library
- A list of linking options should now appear
- Select IESE Business School – Find it at IESE Library and save your selection
