THE RIGHT MBA FOR YOU - EMBA
Excellence in business education with a truly international character

MBA
Full-time

- 21 core courses in the first year
- 11 elective courses including the Entrepreneurship course during the second year
- Corporate internship between the first and second years
- International exchange program during the second year

- The first academic year builds the foundation of the program and is designed to provide tools and knowledge for every part of a business
- The second academic year treats problems within a business and their interrelation in-depth, offering a synthesis of views

- 30 core courses
- Each module is composed of:
  - Home-based pre-module study
  - Residential Sessions
  - Home-based distributed learning: consists of on-line work groups, live chats, and multi-media lectures, creating constant communication between participants and faculty.

- Corporate internship between the first and second years
- International exchange program during the second year
