

Countdown to 2030: the new responsibilities of business for people, the planet and our future prosperity

IESE Business School Insight 154

December 1, 2019

The new responsibilities of business for people, the planet and our future prosperity. As the tide turns against single-use plastics, know where your business stands. Interviews with Lise Kingo (U.N. Global Compact) and Juvencio Maeztu (IKEA). Leadership qualities, and a PPP framework, for the SDGs. Giving and receiving feedback better. 5 tips to knock an M&A disaster on its head. The effect of worldview on relational mobility. Decide ethically, and justice will follow. Cristina Ventura, a catalyst for innovation. Gaby-Luise Wüst on Audi's growth in China. The entrepreneurial adventures of Luis Pallares and Steffen Sauer. The secrets to happiness. When morals meet financial models. 6 blind spots that can harm your business. Making wonderful decisions. Leadership lessons from Gaudí's Sagrada Familia.
