The future of capitalism: where next?

IESE Business School Insight 159

January 1, 2021

How the next generation of business leaders can fix capitalism to have a more positive impact for all. Featuring interviews with Paul Polman, Nitin Nohria and Rebecca Henderson as well as a checklist for change. Plus: Profiles of energy business leader Eghosa Oriaikhi Mabhena, entrepreneur Carlos Uraga and pianist Ignasi Cambra. Three experts bust the myths on teleworking. Tips for having better conversations. Operations lessons from 9/11. Evaluating ambiguous product offerings. Four principles to manage your career for the long term. Managing stress before it manages you.
