1. Provided the direct deposit for the salary or professional income of the group (calculated individually) > €2,000/month. **2.** Representative example: APR of 2.48% calculated for a lump sum loan of €80,000. For a total loan term of 9 years (2 years interest only and 7 years of repayments), the monthly instalment would be €163.33 during the interest only period and then €1,037.35 in repayments. Total amount owed: €91,057.32 (principal of €80,000 + interest €11,057.32). **3.** Representative example: APR of 2.48% calculated for a lump sum loan of €60,000. For a total loan term of 9 years (2 years interest only and 7 years of repayments), the monthly instalment would be €122.50 during the interest only period and then €778.01 in repayments. Total amount owed: €68,292.84 (principal of €60,000 + interest €8,292.84). **4.** Representative example: APR of 4.02% calculated for a lump sum loan of €60,000. Interest only period: 2 years. Repayment term: 7 years. Total term: 9 years. Amount of monthly instalment: €197.50 over the interest only period and then €818.75 over the repayment period. Total amount owed: €73,515.00 (principal of €60,000 + interest of €13,515.00).

Loan terms valid for new operations only and the granting of the loan is subject to an analysis of the applicant's credit score and repayment capacity, according to CaixaBank's risk policies. Offer runs from 07-08-2020 to 31-12-2020.
