

What should I do if I experience **COVID-19 symptoms**?

1 **Inform** your program director

2 **Stay home**. If you are on campus, go home

3 Consult your **medical center** and follow the doctor's recommendations

4 If you've undergone PCR testing, **wait at home** until you get the results. You can continue coursework virtually

5 **IESE will contact you to identify your close contacts**

6 If you test positive, **self-quarantine** and follow your doctor's guidelines

Help us keep **IESE safe**
