

# What should I do if I test positive for COVID-19?

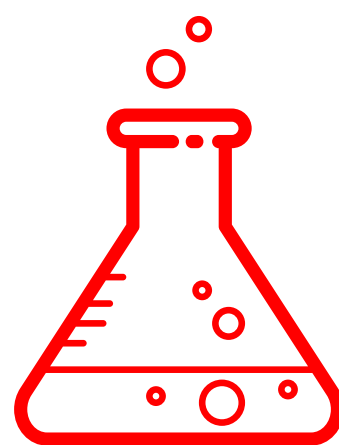

## I'm vaccinated

**If you have symptoms:** Stay home until you're well, and take a PCR test to return to campus (IESE covers the test cost).

**If you don't have symptoms:** Don't come to campus until your PCR test result is negative (IESE covers the test cost).

## I'm not vaccinated and I haven't had COVID-19

Self-isolate for 10 days and take a PCR test to return to campus (IESE covers the test cost).

# What if I'm a close contact of someone with COVID-19?

**Vaccinated.  
With  
symptoms.**

Stay home until you're well, and take a PCR test to return to campus (IESE covers the test cost).

**Vaccinated.  
Without  
symptoms.**

Be careful for 10 days (avoid high-risk people, crowded places, etc.) and monitor your health.

**Unvaccinated  
and not had  
COVID-19.**

Self-isolate for 10 days and take a PCR test before you return to campus (IESE covers the test cost).
